

July Newsletter

From the Frog Room

What's going on this month?

The themes of this month are:

- Ice Cream
- Watermelons
- Space
- Beach and Oceans

Some of the highlights of this month are:

- making our own ice cream on Friday the 8th,
- eating lots of watermelon during the week of the 12th thru the 16th, and learning a bit about space, night, and day (state standard for preschool).
- We will finish off the month with an imaginary trip to the beach. We will walk in the sand feeling it sift through our toes, and play games like toss up the beach ball. We will end that trip with a fantastic water day!

We Need Your Help!!!!

Tissues

We are completely out of tissues!!! Please help stock us back up.

Snacks

We are in need of more snacks. The children love fresh fruit, yogurt, and graham/animal crackers. We provide two food groups at each snack. Please make sure you have enough for 10 children.

Plastic bags...

We are in need of plastic bags for Water Days, and the occasional accidents.

The fun things we did last month.

The first two weeks we talked about frogs, and how they metamorphosed from an egg, to a tadpole, to a frog. We talked about where they live and did lots of art projects around that subject.

The third week we talked about summer safety and made stop signs. We talked about sun screen and why that is important for our skin and why hat and sunglasses are good for us.

The last week we talked about the 4th of July, and that the country we live in was having a birthday. We sang Happy Birthday to America, and Mrs. Molly Hallett brought in some books about the Fourth of July.

monday	tuesday	wednesday	thursday	friday
			1	2 Water Day
5	6	7	8	9 Water Day
12	13	14 Hat & sunglasses Day	15	16 Water Day
